Dear Mr. Schwartz:

I was very pleased to have "American Students Organize: Founding the National Student Association after World War II." This is a remarkably informative, wide-ranging, and insightful treatment of a wonderful example of leadership taken by young people at a critical time. It is as readable as it is graphic.

I appreciate your willingness to let me hold on to this publication because we are planning to establish a leadership center at Williams and this would be a prized item there, with its unusual leadership subject.

I wish you all success in the publication.

Sincerely,

James MacGregor Burns
